

Thank you for your interest in Holsby's basketball program. The basketball team at Holsby is a vital part of the school's outreach and ministry. Our hope for the team is that young men will learn to use their ability to play basketball in a new way. We want to glorify God through our practices and games as well as use basketball to share Him with others during outreaches.

To help us get a better idea of what sort of games to schedule for the upcoming school year, please provide us with the following basic information:
